

CURRICULUM VITAE
(updated 11-20-2017)

NAME:

Dr. Jeffrey G. Kopachena
Professor of Behavioral Ecology and Wildlife Ecology,
Department of Biological and Environmental Sciences,
Texas A&M University – Commerce,
Commerce, TX 75429-3011

Phone: (903) 886-5395
Fax: (903) 886-5997
E-mail: Jeff.Kopachena@tamuc.edu

CITIZENSHIP:

Canadian, Permanent Resident of U.S.A.

EDUCATION

Undergraduate Degree: B.Sc. (maj) Zoology,
University of Manitoba,
Graduated May, 1982

Masters Degree: M.Sc. Zoology,
University of Manitoba,
Major Subject: Behavioral Ecology
Minor Subject: Statistics
Graduated May, 1986

Doctoral Degree: Ph.D. Zoology,
University of Toronto,
Major Subject: Behavioral Ecology
Minor Subject: Wildlife Ecology
Graduated May, 1992

POSTDOCTORAL EXPERIENCE

Queen's University, Department of Biology, Kingston, Ontario, Canada. Genetic research on behavioral and plumage polymorphisms in white-throated sparrows. With Dr. Fred Cooke and Dr. Jeanette Holden. April 1991 - August 1993.

PREVIOUS APPOINTMENTS

Department Head – Department of Biological and Environmental Sciences, Texas A&M University – Commerce, Commerce, Texas, U.S.A. July 2007 – July 2011.

Adjunct Graduate Faculty Member, Department of Wildlife and Fisheries Sciences, Texas A&M University, College Station, Texas, U.S.A. May 2010 to July 2011.
Associate Professor (Tenured) - Department of Biological Sciences, Texas A&M University - Commerce, Commerce, Texas, U.S.A. Aug. 2002 – June 2009.
Assistant Professor - Department of Biological Sciences, Texas A&M University - Commerce, Commerce, Texas, U.S.A. Aug. 1994 – 2002.
Adjunct Professor of Biology, Queen's University, Department of Biology, Kingston, Ontario, Canada. May 1994 – May 1996.
Assistant Professor of Biology, Augustana University College, Camrose, Alberta. Sept. 1993 - May 1994. (9-month appointment).

CURRENT APPOINTMENTS

Full Professor - Department of Biological and Environmental Sciences, Texas A&M University – Commerce, Commerce, Texas, U.S.A. June 2009 – present.
Senior Graduate Faculty Member – School of Graduate Studies, Texas A&M University - Commerce, Commerce, Texas, U.S.A. March 2003 – present.

ADMINISTRATIVE ACCOMPLISHMENTS AS DEPARTMENT HEAD (2007 – 2011)

- 1) Between Fall 2008 and Fall 2010 was able to hire four replacement faculty for Department of Biological and Environmental Sciences.
- 2) In fall of 2009 was able get approval for a brand new faculty line for the Department of Biological and Environmental Sciences.
- 3) In fall of 2009, was able to get approval for a brand new full-time instructor position for the Department of Biological and Environmental Sciences.
- 4) In fall of 2010, oversaw the hiring of a post-doctoral associate to support cellular and molecular biology research.
- 3) Established a division of freshman biology, dedicating 2 two faculty, 4 graduate assistantships and two student mentors to overseeing the delivery and mentoring of freshman biology classes.
- 3) Oversaw restructuring of freshman biology sequence and, by doing so, was able to increase first year grades by 10% while simultaneously increasing content and course rigor. This resulted in a 50% increase in freshman retention.
- 4) Established of a monthly social gathering of student and faculty to facilitate student faculty mentoring.
- 5) In 2009, was able to garnish two additional graduate assistantship positions.
- 6) Served as Co-PI for an NSF S-STEM grant for the amount of \$593,700.00.
- 7) Oversaw the development of an articulation agreement with Collin County Community College for delivery of the Environmental Science degree.
- 8) Oversaw a memorandum of understanding for a joint program with International American University's Pre-Medical Program.
- 9) Increased departments income through course fees by 75%
- 10) Established a graduate program coordinator to oversee graduate program admissions, assignment of graduate advisors, and implementation of program assessment tools.

- 11) Increased graduate enrollments by 200%
- 12) Increased undergraduate enrollments by 37%, to a total of 360 students.
- 13) Developed cooperative agreements in support of educational and research initiatives with the Dallis AgriLife Center of the Texas Agricultural Extension Service.
- 14) Developed an informal cooperative agreement with Texas A&M University in College Station to place MS graduates into Doctoral programs in College Station.
- 15) Developed a faculty mentoring program to guide and advise junior faculty in teaching strategies and time management.
- 16) Hired a full-time director for the university's animal care facility and oversaw the establishment of a formal IACUC and the formal approval of a PHS Animal Welfare Assurance.
- 17) Developed and implemented a Laboratory Safety Training Program for students enrolled in laboratory classes. Established "Lab Safety Contracts" for students in labs.
- 18) Established and maintained specific safety guidelines for all laboratories in the department.
- 19) Increased adjunct salaries by 25%.
- 20) Was able to provide release time to junior faculty resulting in the awarding of the first NSF grant to a faculty member in the department in over 11 years.

RESEARCH BACKGROUND

Current Research

- 1) Survivorship of eggs and larvae of Monarch Butterflies (*Danaus plexippus*) in northeast Texas. Research sponsored by the Texas Comptroller's Office on Economic Growth and Endangered Species Management.
- 2) Ecology and conservation of birds in northeast Texas. Current projects include work on Barn Swallows (*Hirundo rustica*), Cave Swallows (*Petrochelidon fulva*), and potentially Scissor-tailed Flycatchers (*Tyrannus forficatus*) and Loggerhead Shrikes (*Lanius ludovicianus*).
- 2) Behavioral ecology of reproduction in the Barn Swallow (*Hirundo rustica*). Current studies involve investigations into the role of competition in nest site segregation among species of swallows in northeast Texas. Additional studies involve tests of alternate hypotheses on the causation and function of hatching asynchrony.

Previous Research

- 1) Post-doctoral Research (April 1991 - August 1993). Department of Biology, Queen's University, Kingston, Ontario, Canada.
The genetic basis of polymorphism in the White-throated Sparrow (*Zonotrichia albicollis*).
- 2) Doctoral Research (April 1986 - May 1992). Department of Zoology, University of Toronto, Toronto, Ontario, Canada.
Behavioral correlates of polymorphism and post-fledging parental care in the White-throated Sparrow (*Zonotrichia albicollis*).
- 3) Masters Research (April 1982 - May 1986)
Spatial and temporal aspects of flocking behavior in Franklin's Gulls (*Larus pipixcan*).

TECHNICAL SKILLS

1. Non-destructive sampling of avian tissues (skin biopsy, feather pulp, blood) for tissue culture and DNA analyses.
2. Culture of avian tissues (skin and feather fibroblasts, peripheral lymphocytes); cytogenetic procedures including karyotyping and staining (C, G, R, and Q-banding).
3. Black and white photographic and darkroom techniques. Color digital imaging using digital camera and Photoshop.
5. Organization and management of ecological and behavioral field research. Experience includes spatial and temporal observations of birds along flight lines, manipulation of parental, aggressive, and territorial behavior, measurements of avian nestling and fledgling growth and survival, vegetation and habitat analyses, territory mapping, arachnid behavior and ecology, lepidopteran survivorship and invertebrate community dynamics.
6. Handling and use of mist-nets and the organization of a banding program using aluminum and colored bands. – 30 years of experience.
7. Organization and management of captive breeding programs for passerine birds.
8. Preparation of museum skins (birds and mammals) and skins as experimental models.
9. Field recording of vocalizations using parabolic microphones and Uher, Nagra, or Sony recording equipment. Use of sound equipment for playback experiments and use of a Kay Digital Sonograph for making high resolution sonograms.
10. Data management and analyses on personal computers using SAS, MS-Word, MS-Excel.
11. Statistical analyses: linear and non-linear models, parametric and non-parametric tests, multivariate analyses, clustering and cladistic procedures.
12. GIS/GPS: use of a Trimble GeoXT GPS unit to collect submeter accuracy shapefiles, use of ArcView mapping software, data conversions, federal and state databases.

Manuscripts in Preparation

Kopachena, B.A. and Kopachena, J.G. Egg size variation in the barn swallow (*Hirundo rustica*).

To be published in Journal of Avian Biology.

Kopachena, B.A. and Kopachena, J.G. Unusual nesting of the chimney swift (*Chaetura pelagica*).

To be published in the Southeastern Naturalist.

Kopachena, J.G. and Potts, G. Intermittent incubation during the egg-laying period and its effect on hatching asynchrony in the Barn Swallow. To be submitted to Condor.

Kopachena, J.G. and Strickland, K. A test of the egg viability hypothesis in the Barn Swallow. To be submitted to Condor.

Kraai, K.J. and Kopachena, J.G. Late winter food habits, body condition, and feather molt intensity of female mallards (*Anas platyrhynchos*) utilizing livestock ponds in northeast Texas. To be submitted to Journal of Wildlife Management.

Abstracts

Kopachena, J.G. 1987. Spatial and temporal aspects of Franklin's gull flocks. Proceedings of an International Symposium of the Colonial Waterbird Group and the Pacific Seabird Group. Studies in Avian Biology 10: 81.

Theses

Kopachena, J.G. 1986. Spatial and temporal aspects of flocking behaviour in the Franklin's Gull (*Larus pipixcan*). M.Sc. Thesis, University of Manitoba.

Kopachena, J.G. 1992. Behavioral correlates of polymorphism and post-fledging parental care in the White-throated Sparrow (*Zonotrichia albicollis*). Ph.D. Thesis, University of Toronto.

Other

Ortho Books Company. 1986. The Birds Around Us. Edited by Alice Mace and Edward Tsakaris. (Contributing author).

- Tynes, Jerrod, G., and Kopachena, J.G. 2012. The ecological segregation and composition of snake communities from the Erwin Bottom in Hunt Co., Texas. North Texas Life Science Research Symposium, University of North Texas Health Science Center, 3 November 2012.

- Tynes, Jerrod, G., and Kopachena, J.G. 2013. A survey of snake communities from the Erwin Bottom in Hunt Co., Texas. 49th Texas Chapter of The Wildlife Society Annual Meeting, Houston, Texas, February 20-23, 2013.
- Tynes, Jerrod, G., and Kopachena, J.G. 2014. A herpetological survey of the Texas A&M University–Commerce Created Wetlands in Hunt County, Texas. Proceedings of the 50th Texas Chapter of The Wildlife Society Annual Meeting, Austin, Texas, February 19-22, 2014.
- Tynes, Jerrod, G., Scauzillo, R., Turley, A., Whaley, A. and Kopachena, J.G. 2014. A biological survey of the Texas A&M University-Commerce Wetland in Hunt County, Texas. Proceedings of the 50th Texas Chapter of The Wildlife Society Annual Meeting, Austin, Texas, February 19-22, 2014.
- VanCleve, M. and Kopachena, J.G. 2007a. Screening of American Swallow Bugs (*Oeciacus vicarius*) inhabiting the nests of Barn Swallows (*Hirundo rustica*) for arbovirus. Annual District Convention. Beta Beta Beta Biological Honours Society, University of Oklahoma Field Station, Oklahoma, March 31, 2007.
- VanCleve, M. and Kopachena, J.G. 2007b. Screening of American Swallow Bugs (*Oeciacus vicarius*) inhabiting the nests of Barn Swallows (*Hirundo rustica*) for arbovirus. Sigma Xi Student-Faculty Research Forum, 26 April 2007, Texas A&M University - Commerce, Commerce, TX.
- Whaley, A.M. and Kopachena, J.G. 2013. The evaluation of the effects of prescribed fire, tillage, and herbicide applications to decrease exotic vegetation and to re-establish native blackland tallgrass prairie vegetation on old cotton fields in Hunt County, Texas. Texas A&M University - Commerce Annual Research Symposium, 4 April 2013, Commerce, Texas.
- Whaley, A.M., Kopachena, J.G., and Eidson, J. 2014. An evaluation of the effects of prescribed fire, tillage, and herbicide to decrease exotic vegetation and to re-establish native vegetation on old fields within the Blackland Prairie Ecoregion of Texas. Proceedings of the 50th Texas Chapter of The Wildlife Society Annual Meeting, Austin, Texas, February 19-22, 2014.
- Whaley, A.M., Kopachena, J.G., and Eidson, J. 2015. Effects of prescribed fire, tillage, and herbicide to re-establish native vegetation on old fields within the blackland prairie ecoregion of Texas. Proceedings of the 51st Texas Chapter of The Wildlife Society Annual Meeting, Corpus Christi, Texas, February 19-21, 2015.

INVITED LECTURES

- Evidence for the optimization of parental care. Queen’s University Biological Seminar Series, March, 1990. Queen’s University, Kingston, Ontario.
- Polymorphism and secondary sex characters in White-throated Sparrows. Sigma Xi, Bi-annual Dinner, October, 1994. East Texas State University, Commerce, Texas.
- Sex and polymorphism in White-throated Sparrows. Biology Seminar Series, October 11, 1997. Texas Women’s University, Denton, Texas.
- Breeding Habitats of Painted and Indigo Buntings in Northeast Texas. College of Arts and Sciences Lunch Hour Colloquium Series, November 9, 1999. Texas A&M University – Commerce, Commerce, Texas.
- Spring survival of Monarch (*Danaus plexippus*) eggs and larvae in northeast Texas and the potential

role of Red Imported Fire Ants (*Solenopsis invicta*). South-Central Monarch Symposium, Lady Bird Johnson Wildflower Center, Austin, Texas, May 31 – June 1, 2017.

<https://www.youtube.com/watch?v=xbHi5JFVCWo&feature=youtu.be>

Survival of Monarch (*Danaus plexippus*) eggs and larvae in northeast Texas and the potential role of Red Imported Fire Ants (*Solenopsis invicta*). Texas Comptroller's Office of Endangered Species and Economic Development, Fall Meeting, San Antonio, Texas, November 9th, 2017.

PROFESSIONAL REVIEWING

Manuscript reviewer for Journal of Field Ornithology.

Manuscript reviewer for Texas Journal of Science.

Manuscript reviewer for Journal of Applied Science.

Manuscript reviewer for Journal of Natural History.

Professional Reviewer for Journal of Field Ornithology's "Current Literature". Published by the Association of Field Ornithologists, 810 E. 10th St., Lawrence, KS 66044.

Reviewer: Chapter 13: Biological Resources, pp. 260-282. In Cunningham, W.P and Saigo, B.W. 1995. Environmental Science, 3rd edition. Wm.C. Brown Publishers, Dubuque, IA., U.S.A.

Reviewer: Vertebrate Biology, Chapter 4: Reptiles, Birds, and Mammals; Chapter 16. Intraspecific behavior and ecology. By D Linzey (M. Kemp, Ed.), WCB/McGraw-Hill, Dubuque, IA 52001, December 1998.

Reviewer: Great Texas Birds, by John P. O'Neill, Edited by Suzanne Winckler. Austin (Texas): University of Texas Press. Reviewed at request from Quarterly Review of Biology.

Reviewer: Birds of the Texas Hill Country, By Mark W. Lockwood, forward by Terry Maxwell, drawings by Clemente Guzman III. Austin (Texas): University of Texas Press. Reviewed at request from Quarterly Review of Biology.

MEMBERSHIP IN PROFESSIONAL SOCIETIES

Academy for Educator Development. Regular Member

American Ornithologists Union. Regular Member

Beta Beta Beta, Biological Honors Society.

The Texas Academy of Science. Regular Member

SCHOLARSHIPS AND FELLOWSHIPS

Connaught Doctoral Scholarship - 1986 to 1988. Stipend plus academic fees.

Ontario Graduate Scholarship - 1989.

University of Toronto Open Fellowship - 1989. Declined in favor of OGS (above).

RESEARCH GRANTS

Funded Grants:

- Harry Frank Guggenheim Foundation Research Grant - 1994 - 1996. Salary for laboratory technologist, \$50,000.00
- East Texas State University, Faculty Research Grant - 1995 (Equipment Grant)
- East Texas State University Mini Research Grant - Fall 1994
- East Texas State University Mini Research Grant - Spring 1995
- East Texas State University Mini Research Grant - Fall 1995
- Texas A&M University Commerce, Mini Research Grant - Fall 1996.
- Texas A&M University Commerce, Mini Research Grant - Spring 1997.
- Texas A&M University Commerce, Faculty Research Grant - 1997 (Equipment Grant)
- Texas A&M University Commerce, Mini Research Grant - Spring 1998.
- Texas A&M University Commerce, Mini Research Grant - Spring 1999.
- Texas A&M University Commerce, Faculty Research Grant - 2000 (Equipment Grant)
- Texas A&M University Commerce, Mini Research Grant - Fall 2000.
- Texas A&M University Commerce, Faculty Research Grant - 2001 (Equipment Grant)
- Texas A&M University Commerce, Mini Research Grant - Fall 2001.
- Texas A&M University Commerce, Faculty Development Grant – Fall 2001.
- Texas A&M University Commerce, Mini Research Grant – Spring 2002.
- Texas A&M University Commerce, Faculty Development Grant – Spring, 2003.
- Texas A&M University Commerce, Mini Research Grant – Spring 2003.
- Texas A&M University Commerce, Faculty Development Grant – Spring, 2004
- Texas A&M University Commerce, Faculty Travel Grant – Spring, 2005
- Texas A&M University Commerce, Faculty Development Grant – Spring, 2006
- Texas A&M University – Commerce, Faculty Travel Grant – Spring 2007.
- Texas A&M University – Commerce, Mini Grant – Spring 2007.
- The Nature Conservancy of Texas - \$1500.00 for student support of restoration activities at Cowleech Prairie Preserve.
- NSF-S-STEM Grant Program. Scholarships and Research Experiences for Transfer Students to Excel in Science and Engineering. B. Jang (PI), M. Elam, J. Kopachena, B. Li (Co-PIs). Awarded August 2008 for \$593,700.00.
- Texas A&M University – Commerce, Special funding from President’s Office to support research on Urban Control of Great-tailed Grackles. Awarded March 2009 for \$7000.00
- Dallas Urban Solutions Center, Texas AgriLife Extension Program. Biology and control of urban Great-tailed Grackles. Awarded March 2009 for \$60,000.00 to support research salary for study of great-tailed grackles. Project represents cooperative agreement between Texas A&M University-Commerce, Texas Agricultural Extension Service, and Texas A&M University.
- Texas Comptroller of Public Accounts, Office of Economic Growth and Endangered Species Management. Pilot study on the potential role of Red Imported Fire Ants (*Solenopsis*

invicta) on Monarch Butterfly (*Danaus plexippus*) reproductive recruitment in northeast Texas. Awarded \$10,141.04 in March 2016.

Texas Comptroller of Public Accounts, Office of Economic Growth and Endangered Species Management. Ecological role of Red Imported Fire Ants (*Solenopsis invicta*) and their influence on Monarch Butterfly (*Danaus plexippus*) egg and larval survival in northeast Texas. Awarded \$92,000.00 in October 2016.

Grants Submitted

NSF k-12 program. Improving Science Education in the Northeast Texas Region. B. Li (PI), J. Kopachena (Co-PI), Mark Reid (Co-PI), Lawrence Angel (Co-PI). Submitted in 2009 for \$2,844,544.00. Not funded.

THECB-ARP Grant Program. Characterization and analysis of a neural stem cell intermediates. F. Miskevich (PI) and J. Kopachena (Co-PI). Submitted July, 2008 for \$150,000.00. Not funded.

NSF-REU Grant Program. Biological Processes in Human Dominated Landscapes. J. Kopachena (PI), J. Heitholt (Co-PI). Submitted Aug., 18, 2008 for \$264,579.00. Not Funded.

NSF-URM Grant Program. Success in Undergraduate Research Excellence - Northeast Texas (SURE-NET). J. Kopachena (PI), J. Cain, M. Hanna, F. Miskevich (Co-PIs). Submitted Sept. 16, 2008 for \$300,000.00. Not funded.

NSF STEP Grant Program. Internships and Supportive Curriculum Creating Enhanced Educational Development. R. Kreminski (PI), A. Chourasia, M. Elam, B. Jang, J. Kopachena (Co-PIs). Submitted Sept. 20, 2008 for \$922,067.00. Not funded.

NIH-Bridges to the Baccalaureate Program. SUPERB – Successful Undergraduate Progression Enhanced by Research in Biomedicine. J. Kopachena (PI). Submitted January, 2010 for \$1,323,789.00. Not Funded.

ACADEMIC AND PROFESSIONAL RECOGNITION (PERSONAL)

National Academies Education Fellow in the Life Sciences, 2013-2014.

Honors Professor of the Year, 1997. Texas A&M University - Commerce.

Best Faculty Presentation, 2002. 2002 Texas A&M University - Commerce Annual Sigma Xi Student/Faculty Research Symposium

Kappa Alpha Teacher of the Month, April 2002. Texas A&M University – Commerce.

ACADEMIC AND PROFESSIONAL RECOGNITION (MENTORED STUDENTS)

Foundation Research Grant. Tri-Beta Biological Honours Society – awarded December 1995, to Juliet Healy for arsenic research project.

Graduation with Highest Honours. Awarded December, 1995, to C.M. Kollar, for herpetology project.

Foundation Research Grant. Tri-Beta Biological Honours Society – awarded December 1996, to Terri Miller for turtle project.

First place, Graduate Student Presentation Competition. Annual District Convention of the Tri-Beta Biological Honours Society – awarded April 1997, to Chris Crist for bunting research presentation.

Best Undergraduate Presentation. Awarded to Juliet Healy for arsenic research presentation. Annual Sigma Xi Student Forum, April 1997.

Second Place, Graduate Presentation. Awarded to Chris Crist for bunting research presentation. Annual Sigma Xi Student Forum, April 1997.

Foundation Research Grant. Tri-Beta Biological Honors Society – awarded December 1999 to Robert Cloud for ladybug research.

Foundation Research Grant. Tri-Beta Biological Honors Society – awarded December 2000 to Curtis Lane for ladybug research.

Foundation Research Grant. Tri-Beta Biological Honors Society – awarded November 2001 to Shayne Ffredelis for barn swallow research.

Best Undergraduate Presentation. Awarded to Shayne Ffradelis for barn swallow research presentation. 2002 Texas A&M University Commerce Annual Sigma Xi Student/Faculty Research Symposium.

Second place, Graduate Student Presentation Competition. Awarded to Kim Strickland for barn swallow research presentation. 2002 Texas A&M University Commerce Annual Sigma Xi Student/Faculty Research Symposium.

Second Place, Graduate Student Poster Competition. Awarded to Tammy Nichols for barn swallow research presentation. 41st Texas Chapter of The Wildlife Society Annual Meeting, South Padre Island, February 16-18, 2006.

Third Place, Texas Academy of Science Annual Student Research Award Competiton. Awarded to Beverly Cochran for barn swallow research proposal. The 109th Annual Meeting of the Texas Academy Science. March 2 – 4, 2006, Lamar University, Beaumont, Texas.

Third Place, Texas A&M Commerce Sigma Xi Chapter. Awarded to Anna Salinas for Interior Least Tern poster. Fifth Annual Student/Faculty Research Symposium, April 20th, 2006, Texas A&M University – Commerce, Commerce, Texas.

Outstanding Graduate Student, Department of Biological and Environmental Sciences. Awarded to Beverly Cochran, April 2007.

Outstanding Graduate Student, Department of Biological and Environmental Sciences. Awarded to Beverly Cochran, April 2008.

Outstanding Graduate Student, Department of Biological and Environmental Sciences. Awarded to Wade Gurley, April 2009.

Summer Research Assistantship. Awarded to Wade Gurley for his proposal: Ecological segregation among three species of swallows in northeast Texas. April 2008.

Jerry and Marilyn Morris Distinguished Master’s Student Scholarship. Awarded to Beverly Cochran for her work on the reproductive ecology of American Barn Swallows. April 2008.

Summer Research Assistantship. Awarded to Ashleigh Tynes for her proposal: Habitat stratification of barn swallows, cave swallows, and cliff swallows nesting on highway structures in northeast Texas. April 2013.

Summer Research Assistantship. Awarded to Katelyn Miller for her proposal:
Reproductive success of barn swallows nesting on buildings along the SH 24
corridor in northeast Texas. May 2016.

First place, Undergraduate Student Poster Competition. Awarded to Misty Nixon, Kalynn
Hudman, and Emily Casper. 2017 Annual Meeting of the Texas Chapter of the
Wildlife Society.

STUDENT MENTORSHIP

Academic advisor for the Texas A&M University – Commerce chapter of the Wildlife Society.
2003 to present.

Academic advisor for the Delta Gamma Chapter of Beta Beta Beta Biological Honors Society at
Texas A&M University – Commerce. 1997-2002.

CURRENT TEACHING DUTIES

Advanced Ornithology (BSc 511) –graduate. Online
Behavioral Ecology (BSc 532) - graduate. Online.
Biogeography (BSc 531) - graduate. Online
Community Ecology (BSc 510) - graduate. Online
Conservation Behavior (BSc 537) - graduate. Online.
Ecological Genetics (BSc 512) - graduate. Online.
Ecology (BSc 307) – Blended - junior undergraduate.
Evolution (BSc 535) - graduate. Online.
Ornithology (BSc 402) - senior undergraduate.
Vertebrate Biology (BSc 404) - senior undergraduate.
Wildlife Management I (Ag/BSc 335) - sophomore undergraduate.
Wildlife Management II (Ag/BSc 336) - sophomore undergraduate.

PRIOR TEACHING DUTIES

Field Methods in Wildlife and Conservation Science (BSc 337) , senior year.
Geospatial Mapping (BSc 417), senior year.
Behavioral Ecology (BSc 410), senior year.
Environmental Biology Lecture and lab, sophomore year.
Environmental Ethics, senior year, Honors Capstone course.
Evolutionary Biology (BSc 414), senior year.
Genetics (BSc 204) Lecture and lab, sophomore.
Human Biology (BSc 106) – Lecture and lab, freshman nonmajors.
Human Biology (BSc 107) Lecture and lab, freshman year.
Human Ecology Lecture and lab, , sophomore year.
Methods in Field Biology (BSc 497/511), senior year and graduate
Our Endangered Planet (BSc 320), junior year.
Comparative Vertebrate Anatomy (BSc 422), senior year.

Vertebrate Biology (BSc 534) graduate.

TEACHING ASSISTANTSHIPS

Institution	Course	Supervisor	Date
Univ. Manitoba	Intro. Biology	Dr. L. Graham	09/82 - 04/86
Univ. Manitoba	Chordate anatomy and evolution	Dr. K.W. Stewart	09/82 - 04/86
Univ. Manitoba	Animal Behavior	Dr. R.M. Evans	01/84 - 04/86
Univ. Toronto	Vertebrate Anatomy	Dr. T.S. Parsons	09/86 - 04/88
Univ. Toronto	Intro. Biology	Dr. C. Goldman	09/88 - 04/89
Univ. Toronto	Animal Ecology	Dr. J.B. Falls	09/88 - 04/91
Univ. Toronto	Chordate Anatomy	Dr. T. Parsons	09/88 - 04/91

CURRENT MEMBERSHIP ON UNIVERSITY COMMITTEES

Director: Texas A&M University - Commerce Wildlife and Conservation Science program. Duties are to administer and oversee the Wildlife and Conservation Science program offered jointly by the departments of biology and agriculture. Fall 2003 to present.

Chair: Dept. of Biology and Earth Sciences Graduate Program Committee. Duties are to develop a revised MS program in Biology, develop graduate admission standards, and review graduate applications to the department. Fall 2006 to present.

Member: College of Science, Engineering, and Agriculture Curriculum Committee: Duties are to oversee and approve curriculum changes proposed by departments within the college. Fall 2005 to present.

Member: University Faculty Developmental Leave Committee: Duties are to review faculty applications for developmental leave and provide advisory opinions to the Provost. Fall 2014 to present.

Member: University Mayo Scholarship Committee: Duties are to review student applications for the Mayo Scholarship and to select winners and runners-up. Fall 2014 – present.

PRIOR COMMITTEE MEMBERSHIPS

1995 – 1996 Member: Dean of Arts and Science Search Committee

1995 – 1998 Member: Texas A&M University - Commerce Honors Committee. Duties are to vote on the approval of honors thesis proposals and participate in honors student thesis defenses.

1997 Member: Physical and Analytical Chemist Search Committee

Member: Biological and Earth Science Department Head Search Committee

1997 – 1998 Chair: Biological and Earth Science Department Physiologist Search Committee

1998 – 1999 Chair: Biological and Earth Sciences Department Botanist Search Committee.

1999 – 2000 Chair: Biological and Earth Sciences Department Biologist Search Committee.

- Member: College of Arts and Sciences Academic Programs Taskforce.
 Member: College of Arts and Sciences College Reorganization Advisory Committee.
- 1998 – 2000 Joint Chairperson: Department of Biological and Earth Sciences Environmental Science Program Development Committee.
- 1999 – 2002 Member: Graduate Council. Duties are to review graduate programs and make provisions for on-going research and academic endeavors in the Graduate School.
- 2000 – 2002 Chair: Graduate Committee on Curriculum. Duties are to review curriculum changes suggested by departments within the Graduate School and improve the efficiency and delivery of graduate programs.
- 2001 – 2002 Member: Texas A&M University SACS 5A Committee. Duties are to review academic facilities, libraries, and labs for compliance to SACS accreditation criteria.
- 2003 – 2005 Member: Texas A&M University new science building committee. Duties were to determine facilities needed for a new science building to be constructed on campus.
- 2006 (Spring) Vice Chair: Texas A&M University – Commerce Graduate Council. Duties were to convene meetings of the graduate council when the chair was unable to.
- 2004 – 2007 Member: Texas A&M University Library Committee. Duties are to review library activities, develop future library plans, and review acquisitions policies.
- 2004 – 2007 Member: Texas A&M University – Commerce Promotion and Tenure Committee. Duties are to review applications for tenure and promotion and make recommendations based on those applications.
- 2004 – 2008 Member: Texas A&M University – Commerce Honors Council. Duties are to review honor theses proposals, serve on Honors thesis defenses, and develop honors program policy.
- 2005 – 2008 Member: Institutional Animal Care and Use Committee. Duties are to oversee institutional policies regarding the use of live animals and to approve of educational and research protocols.
- 2008 – 2009 Member: Research and Creative Activities Advisory Committee. Duties are to oversee the development and implementation of procedures regarding research and creative activities across campus.
- 2005 – 2014 Member: Texas A&M University – Commerce Administration Committee of the Graduate Council. Duties were to review and revise graduate procedures. Fall 2005 to present.
- 2013 – 2014 Chair: College of Science, Engineering, and Agriculture Curriculum Committee: Duties are to oversee and approve curriculum changes proposed by departments within the college.
- 2005 – 2016 Member: Texas A&M University – Commerce Graduate Council. Duties are to review graduate school policies and procedures, evaluate graduate programs, develop methods to improve graduate school services.
