Work Experience: (Previous 25 Years)

April 1988 - August 2013 (Retired) L-3 Communications Inc. - Greenville, Texas

Position: Manager of Environmental, Health and Safety

Duties: Managed a department of 30 employees that provided EHS and Fire Rescue services for a Department of Defense contractor. The facility employed a workforce of over 5000 employees. Major duties involved the development and execution of policies and procedures that ensured the facility operated in compliance with Federal, State and Local regulations.

Accomplishments and Experience:

- Achieved ISO 14001 certification
- Successfully implemented a groundwater remediation project
- Operated a Environmental Laboratory that included GC, AA and wet chemistry analysis
- Lowered the OSHA injury rate by 90% to a world class 1.10 injuries / 200,000 man hours
- Incident Commander for emergency operations
- Performed Environmental Monitoring
- Performed "Phase 1 Assessments"
- Performed Storm Water Assessments
- Implemented all Environmental Projects for the 1500 acre facility
- Performed EHS audits of other L-3 facilities and served as mentor for other EHS Managers
