- Quick and versatile learner.

## **ADDITIONAL ITEM OF NOTE**

An accomplishment that I am most proud of is I achieved the rank of Eagle Scout. This required me to hold a variety of leadership positions including leading a service project. The project was to construct raised bed gardens for the elderly. This required me to plan, design, schedule, and organize the construction, as well as to calculate costs, solicit donations, procure the materials, and oversee the construction by those who volunteered to help.
