

# Texas A&M University-Commerce Observatory

## Driving Directions

The observatory address is: 1660 County Road 4208, Campbell, TX, 75422. **Many GPS systems give wrong directions to the observatory.** Double-check your destination before setting off down dark country roads. Parking is limited, so please carpool!

A link to the Google maps driving directions from Commerce to the observatory is: <http://goo.gl/maps/nCcgl>

From the intersection of highway 24 and 178 in Commerce (Wal-Mart):

1. Go south on highway 24 for 4.1 miles. Near the end of this drive, you will pass the A&M-Commerce Equine Center on your right and the Blueberry Farm on your left.
2. Take the first left turn after the Equine Center onto County Road 4208.
3. Go 0.6 miles. The observatory will be on your left with a small white sign stating "Commerce Observatory" a couple feet past the driveway.
4. Proceed carefully through the gate down the gravel driveway (trees and brush should be on your right). The observatory proper is not easily visible from the road.
